**Auditors' Report**

We have audited the accompanying Statement of Financial Position of Partners in Health and Development (PHD) which comprises the Statement of Financial Position as at 30 June 2016, the Statement of Receipts and Payments and Statement of Income & Expenditure for the year then ended and a summary of significant accounting policies and other explanatory notes.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Bangladesh Financial Reporting Standards (BFRS), and other applicable laws and regulation. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; making accounting estimates that are reasonable in the circumstances.

**Auditors' Responsibility**

Our responsibility is to express an opinion on these Financial Statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing (BSA). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the Financial Statements are free of material misstatement.

An audit involves performing procedures to obtaining audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to the fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting polices used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion:

In our opinion, the financial statements prepared in accordance with Bangladesh Accounting Standards (BAS), give a true and fair view of the state of the company's affairs as at 30 June 2016 and of the results of its operations and its Statement of Receipts and Payments for the year then ended and other applicable laws and regulations.

We also report that:

- a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- b) in our opinion, proper books of account as required by laws have been kept by the company so far as it appeared from our examination of these books;
- c) the Financial Position dealt with by the report are in agreement with the books of account returns;
